Drive Products - Manufacturing Division consists of 5 manufacturing facilities with a combined space of 350,000+ sq.ft of manufacturing space. These facilities manufacture an assortment of truck bodies, truck equipment, and truck accessories for the North American Market. We use high quality steel materials and specialize in premium marine grade aluminum for our truck bodies. Our Canadian facilities are CWB (Canadian Welding Bureau) certified ensuring our manufacturing process maintains the highest level of quality.

Our facilities follow strict quality guidelines required in ISO certification or equivalent accreditation. Our manufacturing process is robust and follows rigorous quality testing and welding practices on every component of truck bodies, and equipment that we build. In combination with our engineers, skilled trade employees and cutting-edge technology (laser, punching, CNC milling, CNC press brake, manual and robotic welding, zinc plating, e-coat, wet paint and powder coat). Drive Products – Manufacturing Division is set to meet the demands of North American market.

# NATIONAL FOOTPRINT

900,000+ SQ FT OF MANUFACTURING AND UPFITTING
